THE LAST SAD RITES

The Funeral of the Late Senator Allison.

THE INTERMENT WAS PRIVATE

All Dubuque Paid Silent Tributes to the Memory of the Dead Statesman, All Business Was Stopped and Flags Hung at Half-Mast.

Dubuque, Iowa, Aug. 10.—As he lived, so was Senator William B. Allison buried Saturday, in a manner devoid of all ostentation. Services were held at the residence of the dead statesman, and while not of a private character, the limited accommodations of the home permitted only the presence of the distinguished visitors, and the most intimate friends of the late senator. The services were simple. The Rev. J. T. Bergen, of the Westminster Presbyterian church officiated. The interment was private.

All Dubuque paid silent tribute to the memory of Senator Allison. During the hours of the funeral ceremony not a wheel turned throughout the city and every business house closed its doors. Flags hung half-mast from public buildings and hundreds of homes and business houses were trimmed with crepe. A most effective feature was the winding, with black and white, of the trolley poles on the cars traversing the main thoroughfares of the city.

There were many distinguished visitors in attendance at the funeral. Besides the members of the congressional committee named by Vice President Fairbanks and Speaker Cannon, there was a large delegation from Des Moines, consisting of Governor Cummins and other state officers.

The grave of Senator Allison is in the family lot in Linwood cemetery. A modest marble shaft bearing the single word "Allison" was erected on the lot twenty years ago. The grave is close to that in which is buried the body of the late Speaker, Dave B. Henderson.

MOB FOUGHT POLICE.

Foreigners Made Desperate Effort to Lynch Girl's Assailant.

Philadelphia, Aug. 10.—A frenzied mob of foreigners fought a detail of police late Friday night in an effort to lynch Joseph Green, alias Joseph Feinstein, for an attack on Nellie Weiner, a three-year-old girl.

Mrs. Weiner, mother of the child, it is said, incited the mob and led them to a barber shop where Green had taken refuge.

The police were obliged to force the door of the shop. Green had an open razor and refused to submit to arrest.

One of the policemen felled him with a club and he was dragged to a patrol wagon, where the crowd fought hard to get hold of him, but the prisoner was finally landed in a police station.

ADVISE WOMEN TO STRIKE.

Mrs. Richard's Method of Securing Female Suffrage.

Chicago, Aug. 10.—Women were advised by Mrs. Florence Richards, of Ohio, in an address at the Lincoln Temperance chautauqua in Austin Friday to go on a strike until they are permitted to vote.

"If we refused to do the house work and take care of the children," said Mrs. Richards, "we would be led to the polling places on our husband's arms before a month. Then the saloon doors will cease to swing. No man wants to cook and do housework," said the speaker, "and a universal strike will bring them to time."

Boat Kills Entire Family. Sparta, N. C., Aug. 10.—The death of an entire family at Edmonds, 16 miles across the mountain from Sparta, was caused by a bolt of lightning. Frank Murphy, a farmer, his wife and young son were in the field stacking rye when the storm came up. The trio ran for shelter, but were struck down before they reached the house and presumably instantly killed. The bodies were found later by neighbors.

TAFT NOT TO BLAME.

President Roosevelt Assumes Responsibility in Brownsville Affair.

Oyster Bay, N. Y., Aug. 10.—President Roosevelt, in a statement issued made it clear that the entire responsibility was his for the issuance of the original order discharging the battalion of negro soldiers for alleged participation in the Brownsville, Tex., rioting, and the refusal to permit a suspension of that order.

The president was shown an interview, which was had in Washington with General Henry C. Corbin, United States army, retired, in which General Corbin stated that no credit or blame in the matter rested with Mr. Taft. After reading the interview, the president, through his assistant private secretary, Rudolph Forster, gave out the following:

"General Corbin's statement is absolutely correct, and it was entirely proper that he should make it. The substance of the message from the president, which he quoted, was made public long ago. In the Brownsville matter the entire responsibility for issuing the original order and for declining to allow its suspension was the president's."

In his interview, General Corbin stated, in substance, that Mr. Taft was in no way responsible for the order discharging the battalion of the Twenty-fifth infantry, and that in doing so, the then secretary of war had obeyed the direct order of the president. General Corbin then recounted the circumstances as they occurred, and were published following the affair at Brownsville, Tex.

QUIET IN STRIKE REGION

First Regiment Alabama Guards Relieves Cavalry Forces.

Birmingham, Ala., Aug. 10.—First regiment, Alabama national guard, has relieved the cavalry forces which have been on duty in the mining district around Birmingham and Colonel Robert Dumont, of Mobile has been placed in charge by Governor Comer, relieving Major Noble.

Seven hundred and thirty members of the First regiment just back from Chickamauga are being sent out to various parts of the district.

Sheriff Higdon, because of the threatening attitude of some of the mines, asked for the establishment of several new military camps throughout the county and his wishes are being complied with, all the camps to be connected with telephones and within easy access of one another. Colonel Dumont has opened headquarters in the Metropolitan hotel in Birmingham. The regimental band has returned to Mobile, as there is no need of music at this time. Reports received at the sheriff's office were to the effect that everything was quiet throughout the district.

KEHOE-MAYS ELECTION CONTEST

Circuit Court Judge Malone Sustains Temporary Writ of Mandamus.

Mobile, Ala., Aug. 10.—A special from Pensacola, Fla., says:

A private telegram from Quincy, Fla., states that Judge Malone, of the circuit court, has passed upon the Kehoe and Mays congressional contest and sustains the temporary writ of mandamus compelling the congressional committee to canvass the returns according to returns from the various county committees and not to go into the vote or behind the returns. This the committee recently did, throwing out votes and declaring Walter Kehoe, of this city, the nominee.

Under the ruling of the court the committee will be compelled to canvass according to the face of the returns, and in this event Danville H. Mays, of Monticello, will be declared the nominee, as Kehoe only had a majority of forty-one votes.

Imperial Law Prevents Match.

Auckland, Aug. 10.—Although a rifle match between teams of Americans and the Dominion volunteers had been arranged as part of the week's entertainment, the ministry cannot allow an armed party to land from the American warship. The premier on being urged to modify the restrictions so that the match might be held, replied that the imperial laws prevent the landing of an armed party, the regulation being very stringent.

IN STATE OF TERROR

People of Constantine Fear Repetition of Quake.

EXODUS TO THE COUNTRY

Mohammedans, Who Regard the Phenomenon as a Divine Warning, Assemble in the Cemeteries and Prostrate Themselves in Prayer.

Constantine, Algeria, Aug. 10.—The people of Constantine are still in a state of terror from the earthquake shocks of a few days ago, fearing a repetition, and there is in consequence a steady exodus to the country.

The Mohammedans, who regard the continuous shocks as a divine warning to the wicked not sleep in damaged buildings, have assembled in the cemeteries, where they prostrate themselves and pray for hours at a time, until overcome by weariness they fall asleep.

BATTLESHIP SOUVENIR.

New Zealand Government Sounds Praises of America's Great Fleet.

Auckland, Aug. 10.—The book which has been printed by the government for presentation to the officers of the American battleship as a souvenir of their recent visit here contains the following greeting, written by the prime minister, Joseph G. Ward:

"No visit of foreign warships was ever so welcome as is yours today. In receiving the fleet a sense of kinship stirs our hearts, for we feel that the greatest nation of the west has come to visit us, this fleet being the visible embodiment of its might, majesty and dominion. President Roosevelt in act and work of his life-work reflects and voices our national ethics and aspirations. The name Roosevelt in New Zealand stands for national righteousness and is cherished, honored and revered; the fleet stands for peace, justice and freedom. These are the thoughts and feelings that are stirring our hearts today."

BOY STARTS FUND.

Novel Features of the Bryan and Kern Campaign.

Memphis, Tenn., Aug. 10.—Billie Martin Young, aged sixteen years, of Dixon Springs, Tenn., is the first boy in the United States to start a boy's fund for the Bryan campaign.

Through the Memphis News-Scimitar he has called for the organization of the "Kid Democratic Club," composed of boys between the ages of ten and twenty years, each of whom is to send 25 cents to the News-Scimitar to be added to the Bryan and Kern campaign fund. He expects the club to have members in every state in the union.

Two New Tech Professors.

Atlanta, Aug. 10.—At the fall opening of the Georgia School of Technology, two new professors will be added to the faculty. Prescott A. Hopkins, who will fill the chair of architecture, and G. B. Franklin, chosen adjunct professor of English, are the new additions, and are gentlemen who come with the highest recommendations, and who will be worthy of the care taken by the Technological trustees in preserving the high standard of culture and efficiency in the personnel of the faculty.

New Fire Insurance Company.

Atlanta, Aug. 10.—Secretary of State Philip Cook Friday issued a charter to the Southern States Fire Insurance company, of Atlanta. The charter members are H. W. Ferry, B. S. Mount, W. M. Ashbell, F. L. Adams and A. F. Walker, all of Fulton county. It is a mutual, cooperative company, and has no capital stock.

Browned White Gaining.

Gainesville, Ga., Aug. 10.—Dr. A. A. Smith, a prominent Gainesville physician, was drowned in the Chattahoochee river near Key's ferry Friday afternoon while eating with a party of friends. Dr. Smith was a son of H. O. Smith, a prominent cotton merchant of Gainesville. He is survived by his wife.

MACEDONIAN REFORM.

Scheme as Drawn by Russia and Approved by Great Britain.

St. Petersburg, Aug. 10.—The foreign office has sent to the Russian diplomatic representatives abroad copies of the scheme for Macedonian reforms as drawn up by Russia and fully approved by Great Britain. The documents are accompanied by a communication to the various powers setting forth that the project is forwarded to them only for their information inasmuch as, in the opinion of Russia, the powers should, in view of recent events in Turkey, defer any action which might be considered to show distrust of the sultan and the Ottoman government in the present work of reform. The dispatch adds that Russia will follow with the most sympathetic attention the efforts of Turkey to assure the successful working of the new regime and that she will abstain from any interference calculated to complicate this task.

"On the other hand," the dispatch concludes, "Russia, faithful to her historic traditions and taking her stand on her treaty rights, will only consider that her own work of reform in Macedonia, or that of the other powers, has been accomplished if the work undertaken by the sultan results in real improvement. Should the contrary be the case it will be the duty of Russia to direct the attention of the powers to the necessity of resuming this work of reform, at present interrupted."

BACK FROM EUROPE.

Ogden Mills' Family Returns From Aboard the Mauretania.

New York, Aug. 10.—Among the passengers who arrived from abroad on the Cunarder Mauretania were Mr. and Mrs. Ogden Mills, Miss Beatrice Mills, Miss Jeannette Mills and Mrs. Maturin Livingston, mother of Mrs. Mills. They were returning from a summer spent in England and on the continent. Mr. and Mrs. Mills bring to America as their guest the earl of Granard, a soldierly young man of distinguished appearance who is traveling as Colonel Forbes, his family name.

It is declared that an engagement between the earl and Miss Beatrice might be expected at any time.

Mr. Mills, when asked if his daughter was engaged to the earl of Granard, smiled and said that there was no truth to the report. He announced that "Colonel Forbes" was a friend of the family and would spend a few weeks in this country.

The earl of Granard owns an estate of 21,300 acres and his country seat is Castle Forbes in Longford county, Ireland. He is lord in waiting to the king and master of the house.

Miss Beatrice Mills is one of the twin daughters of Mr. and Mrs. Mills. She is a handsome girl, fond of outdoor sports and very English in appearance and manner.

BIG LOCKOUT AT STETTIN.

Shipyards Employees Reject Terms Offered by Employers.

Stettin, Aug. 10.—The eight thousand riveters of the Vulcan shipyard here who have been locked out for some time owing to their refusal to accept the terms of the employers relative to the payment of overtime rates and because of their objection to working extra hours in the completion of contracts, have unanimously rejected the terms offered them by the employers. The latter refuse to increase the wages of the men which they say have this year averaged from \$9.50 to \$12.50 per week.

As a consequence of the attitude of the workmen all the iron masters of this district joined in the movement and decided to discharge six per cent of their employees, totaling 5,000 shipbuilders. The Shipbuilders' Federation will follow the example of the iron masters Aug. 17 by locking out 45,000 more men.

Trainmen Killed in Wreck.

Knoxville, Aug. 10.—A work train on a narrow gauge road running to the Rover iron mines, 2 miles from Knoxville, Friday left the rails and rolled down a high embankment on the mountainside. A number of men riding on the train were caught under the engine and cars. Three were killed and several more seriously injured.

TOWN STORM SWEEP

Almost a Cloudburst at Hattiesburg, Miss.

APPALLING ELECTRIC STORM

Many Persons Were Injured by Bolts and Rendered Unconscious, Though None Fatally Hurt—Peculiar Pranks of Lightning.

Mobile, Ala., Aug. 10.—A Hattiesburg, Miss., special says:

A rainfall almost amounting to a cloudburst, accompanied by an electrical storm appalling in its terror, passed over this city Friday evening and several persons were more or less injured by bolts of lightning, while much damage was done to property.

The house of E. M. Hayes, on Bay street, was invaded by a bolt of lightning which struck Mrs. Haynes, Mrs. J. H. Ellerbe and Miss Inez Hanes. All were made unconscious but have since recovered.

The lightning played many remarkable pranks in different parts of the city, including the killing of a cat in a boy's hands, while the boy himself escaped with a slight stinging.

CHICAGO'S ELECTION.

First Actual Test of Nomination by Direct Vote of People.

Chicago, Aug. 10.—When the polls opened Saturday the first actual test of the direct nomination in one of the great cities of the country of candidates by direct vote of the people was commenced. The four parties taking part in the primary were republicans, democrats, prohibitionists and socialists.

The two parties first named had candidates for all of the state offices, for all congressional nominations and for an almost unlimited number of county and municipal offices. In addition they took an advisory vote on United States senator, which office is to be filled by the next legislature.

The republicans have four candidates for governor, but the contest in that party has not developed anything approaching the animosity with which the republican struggle has been carried on.

It is believed that accurate returns from the election will be slower than for any vote ever taken in Chicago. There is an average of 500 names on each ballot and in addition to this there is an average of 5,000 precinct committeemen in the democratic and republican parties who are seeking office.

It is believed by the election commissioners that the result of the entire ticket will not be known before some time on Sunday, and it may not be apparent even at that time.

CHOLERA IN VOLGA REGION.

Disease Making Steady Though Not Alarming Progress.

St. Petersburg, Aug. 10.—The Asiatic cholera continues to make steady but as yet not alarming progress in the Volga region.

The chief centers of the disease are at Astrakhan and in Saratov provinces, notably the cities of Saratov and Taurisya.

According to the latest official reports there have been twenty-nine new cases and twenty deaths in Saratov province, two cases in Samara province and two cases at Kazan. A passenger on a crowded train from Taurisya, after he had traveled a hundred miles, was found to have the disease.

Cases of bubonic plague are reported among the Kirghiz tribesmen and Astrakhan province, but this malady is not considered menacing.

Democrats Have a Good Prospect. Columbus, Ga., Aug. 10.—Congressman W. C. Adamson, of the Fourth Georgia district, who has been accompanying Chief Hydrographer Leighton, of the United States geological survey, in a tour over the district, spent Friday in Columbus. In an optimistic interview, he declared the democrats have a better chance to elect a president this year than at any time since the civil war.

FLORIDA GROWERS GET GOOD RESULTS

Recent Ruling of Interstate Commerce Commission Beneficial.

A SAVING IN ALL FREIGHTS

Less Benefit Received From Strawberry Growers Than All Others, But Result of Effort Was Sweeping and Beneficial Along All Lines.

President Frank D. Warner of the Florida Fruit and Vegetable Growers Protective Association, which association has been endeavoring to secure an equitable rate on shipments of fruit and vegetables from Florida points to markets of the North, the grievances having been placed before the Interstate Commerce Commission several weeks ago, has received notes of the proceedings of the commission in which these matters were taken up, and is pleased at the result of the decisions and rulings of the commission on every point, from which it will be readily seen that a saving amounting to considerable will be enjoyed by the growers of Florida.

It appears that there has been only one section of the articles of grievance which did not have the tendency of a material benefit to the grower, that being the section relative to the transportation of strawberries from Starke and Lawley to New York and other points, for which a minimum rate of \$1.80 per carload of 200 boxes has been charged. This petition prayed for a more equitable rate, the answer being favorable to the strawberry shippers in that the minimum was fixed at 175 crates, instead of 200, as was originally required.

The Orders.

The following orders have been issued by the commission, which will prove of interest to every grower of the State:

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 25th day of June, A. D. 1908.

It is Further Ordered, That above-named carriers which participate in the transportation of strawberries from Starke and Lawley in the State of Florida to New York City and to other points taking the same rate, be, and they are notified and required to cease and desist on or before the 15th day of September, 1908, from applying a minimum of 200 crates to the transportation of strawberries between such points where a rate, including refrigeration, of \$1.80 per crate is charged.

It is Further Ordered, That said defendants be, and they severally are hereby notified and required to establish and put in force on or before said 15th day of September, 1908, and maintain thereafter during a period of not less than two years, and apply to the transportation of strawberries from Starke and Lawley, Fla., to New York City, and to other points at present taking the New York rate, a rate not exceeding \$1.80 per crate, including refrigeration, with a minimum of not exceeding 175 crates.

And It is Further Ordered, That said defendants, participating in the above-described traffic, be, and they severally are, hereby authorized to make effective upon three days' notice to the public and to the Interstate Commerce Commission, given in the manner required by law, the various rates which such defendants are by this order required to establish and put in force on or before the said 15th day of September, 1908. The tariffs or supplements in which such changed rates are given must contain the notation that they are issued under the authority hereby granted, and must refer to the title and number of this case.

DEATH OF A GOOD LADY.

Short Sketch of Christian Life of Mrs. S. P. Hodge.

Wilcox, Fla., Aug. 10.—Mrs. Martha Hodge was born in Tatnall county, Georgia, in 1824. She was therefore 84 years old. Her maiden name was Cahan. She was first married to Daniel Turner of Irwin county, Ga., for whom she was the mother of fifteen children, only three of whom are still living, viz: T. J. Turner of Wilcox, Mrs. G. W. Snyder of Newberry, and Mrs. W. J. Martin of Wilcox, Fla. Her husband died in 1864, and after the Civil War she moved to Florida and was married to S. P. Hodge in 1873, who died six years ago.

Mrs. Hodge died July 18th of this year. She was for many years a consistent member of the Baptist Church, and was beloved by all those who knew her intimately. She leaves a host of friends and many grand-children and great-grand-children to mourn their loss. She was buried in the cemetery at Ebenezer Baptist church, in Levy county, to await the final call of her Master, and she will meet Him at the time of the first resurrection.

Blessed and holy is He that hath part in the First Resurrection.

Itch! Itch! Itch! —Scratch! scratch! scratch! The more you scratch the worse the itch. Try Doan's Ointment. It cures piles, eczema, and skin itching. All druggists sell it.

S.S.S. CURES ECZEMA, ACNE, TETTER ETC.

The skin is an index to the quality of the blood. Eczema, Acne, Tetter, pimples, rashes, eruptions, etc., show that some unhealthy humor or acid impurity is diseasing and corrupting the circulation, so that instead of supplying nourishment and strength to the fine, delicate tissues of the skin, it is continually pouring out its acrid and unhealthy accumulations. External applications of salves, washes, lotions, etc., may relieve some of the itching and other discomfort caused by skin troubles, and for this reason should be used, but such treatment cannot reach the humor-laden blood, and therefore cannot cure. A thorough cleansing of the blood is the only cure for skin diseases. S. S. S., a purely vegetable preparation, is the best and quickest remedy. It goes down into the circulation and neutralizes and removes the acids, impurities and humors, thoroughly purifies the circulation and permanently cures skin diseases of every kind. When S. S. S. has driven the humors and impurities from the blood, and cooled and cleansed the acid-heated circulation, every symptom passes away, the skin is again nourished with rich, healthful blood and the trouble cured, as the cause has been removed. HAVEN SANATORIUM TO OPEN TODAY

This Newly Equipped Resort Will Be
Scene of Social Life.

UP-TO-DATE IN EVERY WAY

Dr. Marsh and Other Promoters of the
National Hospital Will Entertain
Gainesville Folks This Afternoon
and Tonight—Will Be Good Thing.

Today will be an eventful one of
the city of Gainesville, as it will
mark a new era in the history of the
city, as far as modern hospital fa-
cilities are concerned.

The National Odd Fellows' Home,
which has been established in Gaines-
ville for many years, and which has
been regarded as one of the most
modernly equipped hospitals in the
country, has been recently acquired
by a stock company, of which Dr. C.
P. Marsh, a physician of note, was the
promoter, and is at the head, being
in charge of the property. The Sana-
torium will be formally opened today,
everything having been placed in
readiness for the occasion, and Dr.
Marsh and others connected with the
institution are manifesting pride in
this function.

Dr. Marsh has issued invitations to
the general public for this afternoon,
from 3 to 5 o'clock, while special
guests, being those who are most di-
rectly interested, will be entertained
from 8 to 11 this evening.

Dr. Marsh has made many improve-
ments in the Sanatorium since taking
charge, and this institution, which has
always been one of the leading of the
State of its kind, will now take rank
as a national resort in every term the
word implies. There is no equipment
of a modern type more perfect than
here, and the promoters expect to
make quite a reputation for the place
and for Gainesville.

EASY TO MOVE

Nothing is more exasperating to the
housewife than a bed which is hard to
move.

With this special thought in mind
BERNSTEIN BEDS are all equipped
with large-size, easy-running castors
which allow the bed to be moved easily,
and with no danger of damage to
carpets, rugs or matting. The rollers
are made of genuine lignum vitae—the
hardest wood that grows—shel-
lacked and polished.

The Bernstein Attachment.
The Bernstein is the original three-
part bed.

The Bernstein Attachment (covered
by patents) holds the side rails or
frame to the foot and head. Very
simple in principle, yet holds the bed
rigid and firm. Joints can not rattle
or shake. Head and foot stand perfectly
erect and solid. Easily and
instantly detached. In half a minute
the BERNSTEIN BED can be taken
down without tools or hammer—just
the hands alone. Any woman, any
girl can do it.

This is the attachment that makes
the only practical three-piece bed-
stead made.

It is a remarkable fact that a full-
sized Bernstein Bed—either Enamelled
or Brass—will sustain an actual
weight of twenty-five ordinary per-
sons, or nearly two tons. This ex-
treme strength, with absolute rigidity,
makes the Bernstein Bed an article
of household utility that will last a
lifetime—can be handed down from
generation to generation.

DOUGLASS GOT BAD; KILLED ONE MAN

And Wounded Another, a Woman and a
Child, at Orange Heights.

TRIED TO SHOOT UP THE TOWN

After Killing His Man and Wounding
Others, Made His Escape, and Sup-
posed to Be in Hiding in Swamps.
Sheriff Fennell Gets Busy.

Orange Heights was the scene of a
general row among negroes Saturday
night, according to information re-
ceived from those quarters, with the
result that one man is dead, another
man, woman and child are seriously
injured, and Tom Douglass, a well-
known negro character whom it is
said has already served time in the
pen, is a fugitive from justice, brand-
ed as a murderer.

The information received was meag-
er, giving no particulars. It came
from two sources to Sheriff Fennell,
who left in the afternoon for the
scene of the disturbance.

The most complete of the two re-
ports bore nothing of a very definite
nature, stating only that Douglass, in
a general row among those who fel-
lows to his gun, one man was
killed, the other man, the woman and
the child were wounded, after which
Douglass succeeded in making his es-
cape.

Sheriff Fennell left immediately
upon receipt of the information for
the scene. It is believed that Douglass
is in hiding in one of the swamps in
the vicinity, and that he will be cap-
tured.

Douglass is said to have served one
term in the "gang" for vagrancy.

PALATKA GETTING READY.

The Gem City Boys Expect to Bring
a Big Bunch Next Thursday.

Information comes from Palatka
that the fans of that city are antici-
pating the approaching game of base-
ball between the Gem City and the
Oak Halls with a great deal of en-
thusiasm, and they are coming strong
by special train, which will leave Pa-
latka at 12 o'clock Thursday, the
15th inst.

Gainesville gave Palatka a fine
crowd upon the occasion of the recent
game in that city, and now it is de-
sired to show their appreciation by
reciprocating. The Palatka people
are a clever set, and will receive a
cordial welcome from Gainesville.

It is said that Palatka has consid-
erably strengthened her team since the
last game with Gainesville, but the
Oak Halls do not mind this.

Money Back From W. M. Johnson if
Parisian Sage Does Not Cure
in Two Weeks.

Can you ask for anything fairer than
that? That's what one would call the
square deal in earnest. But we, the
Giroux Mfg. Co., of Buffalo, N. Y.,
American makers of Parisian Sage,
aren't afraid to make this offer, be-
cause we know that Parisian Sage will
make good every time.

And we'll go still further: We'll
guarantee Parisian Sage to stop fall-
ing hair or itching of the scalp, or
money back.

It removes all odors from excretions
of the scalp which are most noticeable
in summer time, and keeps the scalp
cool, clean and white.

It will make ladies' hair beautiful,
fluffy and luxuriant. It is the most
invigorating hair dressing known to
mankind.

"After using one bottle of Parisian
Sage, I now have a better growth of
hair, and I found your hair restorer
pleasant to use. After the first appli-
cation the dandruff disappeared, and
my hair stopped falling out. I now
recommend Parisian Sage to all my
lady friends."—Lottie Real, 111 Mt.

The Twice-a-Week Sun is an eight page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

As suggested by Col. W. J. Bryan, Democratic candidate for President, The Sun will receive contributions to the Democratic campaign fund, and forward same to the National committee. No subscription of less than one dollar will be received, and the names of all contributors will be published in The Sun, unless otherwise requested. Receipts for all money forwarded to the National committee will also be published. Send in your subscription and help the cause. The committee "needs the money."

He must be a rich man. Who is Total, mama?"—September Delineator.

Edwin, aged four, owned a picture-book in which a fierce-looking cow was running after a small boy. He looked at it a long time, then carefully closing the book he laid it away. A few days later he got the book again, and turned to the picture. Bringing his chubby fist down on the cow, he exclaimed in a tone of triumph, "She ain't caught him yet!"—September Delineator.

VERY UNWISE CLAMOR.

(Punta Gorda Herald.)

Suppose we abolish our present system of leasing the State convicts; what shall we do? Set them free, put them to work on the public roads, or build a penitentiary and incarcerate them therein? One of these three things will have to be done, if we abandon the lease system.

The first is preposterous, while either of the other two will impose upon the taxpayers a burden of almost ruinous proportions.

We appeal to the good sense, to the sober second-thought of the newspapers which are clamoring for the abolition of the present lease system, to consider the consequences, if their demands should have the intended effect upon the Legislature.

If the convicts are put to work on the public roads, we assert it with all the emphasis in our power that they will receive no better treatment than they are now getting, for the State will have to hire as guards and supervisors men of identically the same character as now guard, direct and punish them. You cannot get preachers and editors and noted philanthropists to guard convicts.

It is better treatment for the convicts that these journalistic reformers demand. They simply cannot get it, and there should be an end of the clamor.

There are 1,800 convicts. If the State should put them to work on the public roads, it would cost fully \$10 per month each to feed, clothe, camp, guard and physic them. That is \$18,000 per month or \$216,000 a year.

Where is the money to come from? Nay, it is \$466,000 a year that the taxpayers would lose by this scheme of utilizing our criminals, for their hire now brings into the State treasury some \$250,000 a year, which must be added to the \$216,000 that it would cost to guard and provide for them while working the roads. And the \$250,000 that is now used in paying various State expenses, chiefly criminal prosecutions, would have to be made up from the pockets of the taxpayers. This would add so much to the State tax rate as not only to deter settlers from coming in, but drive out many citizens who feel even now overburdened.

A penitentiary would be equally as expensive and subject to all the abuses charged against the present system. Any up-to-date penitentiary capable of accommodating properly the 1,800 convicts, would cost \$250,000, and the expense of maintenance would be \$216,000 a year, in addition to the loss of the \$250,000 annually now paid by the lessees.

Now, these are plain business propositions as against sentiment that is not justly founded and is wholly misplaced. The Florida convicts are not so cruelly and inhumanly treated as some of the newspapers seem to think. They are under the most human set of officials that the State has ever had, officials who seem to delight in dispensing pardons and doing everything possible for the comfort and happiness of the convicts. Four inspectors, well paid by the State, are constantly on the go, visiting and inspecting the camps and reporting to the Tallahassee officials on the treatment of the convicts and the condition of the camps.

The lessees are men of high character who have the intelligence to know that the convicts must be kept in good condition to do efficient work, and all the most reliable reports are to the effect that the prisoners are well cared for in every respect and the open air work in which they are engaged contributes to their health.

At the same time, it must be borne in mind that these criminal laborers

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and it is entirely closed. Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. F. J. CHENNY & CO., Sold by druggists, 75c. Toledo, O. Take Hall's Family Pills for constipation.

are mostly racials, "toughs" of the toughest kind, who must be hard to deal with and control, and that they are not as docile as school children or as gentle, amiable and industrious as the kind-hearted editors who are weeping over their imaginary wrongs.

These convicts do not deserve the sympathy and the editorials that are wasted upon them, nor have they any appreciation of the journalistic efforts made in their behalf. They have knowingly, intentionally, wilfully and outrageously wronged other people, innocent citizens, and they ought to be made to suffer for their misconduct; but if the idea of their newspaper friends are carried out, a court sentence for the punishment and repression of crime would be an invitation to a grand and prolonged picnic at the expense of the taxpayers, and some of us editors, weary of work and adverse criticism and poverty, might be tempted to steal a hog or do something else equally heinous in order to get a blessed rest and comfortable support and entertainment at the hands of our incomparable State of Florida.

DONALD KNEW.

Margaret, aged ten, was a beginner in history. "Mama," she asked, "what does 'behead' mean?"

"To cut off a man's head, dear."

There was a moment of silent study; then another question.

"What does 'defeat' mean, mama?"

Little Donald, aged four, was interested.

"I know, mama," was his logical conclusion. "'Defeat' means to cut a man's feet off."—September Delineator.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle. None of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sawyer, a colored woman, is in the county jail, charged with one of the most brutal crimes ever perpetrated in Key West. Because of the condition of the victim and her reticence, but little of the details are known. It is learned, however, in order to secure revenge for a fancied wrong, she poured a acid over the back of a colored boy about 15 years old. The acid ate through the boy's clothes and into the flesh, burning him so that it is thought he will die.

Arriving from Key Largo this morning brought the news of a distressing accident on the extension on Monday last of which John Thompson, a resident of Key West, was a victim. Thompson fell beneath the wheels of a flat car upon which he was riding, badly crushing one leg, the ankle and crushing the heel of the foot of the other limb. The accident occurred by the car coming suddenly slowing down, throwing Thompson off the end of the car. He was immediately taken to Miami for medical treatment—Miami Metropolis.

ALL PRUDENT BANKERS

Before making loans, or agreeing to give any person or firm a certain line of credit, require a thorough statement of the affairs of the prospective borrower. If this statement is satisfactory, and shows that it is the policy of the borrower to conduct his business prudently and economically, the banker grants the loan.

ALL PRUDENT DEPOSITORS

Should be just as careful to look into the affairs of the Bank in which they deposit their money—satisfy themselves that the Bank is conservatively managed before depositing their money. FOUND CUTICURA INDISPENSABLE

For Her Children—Little Girls Suffered with Itching Eczema Which Simply Covered Back of Heads—Baby Had a Tender Skin, Too.

ALL PROMPTLY CURED BY "WONDERFUL OINTMENT"

"Some years ago my three little girls had a very bad form of eczema. Itching eruptions formed on the backs of their heads which were simply covered. Before I heard of Cuticura, I used to try almost everything, but they failed. Then my mother recommended the Cuticura Remedies. I washed my children's heads with Cuticura Soap and then applied the wonderful ointment, Cuticura. I did this four or five times and I can say that they have been entirely cured. I have another baby who is so plump that the folds of skin on his neck were broken and even bled. I used Cuticura Soap and Cuticura Ointment and the next morning the trouble had disappeared. I am using the Cuticura Remedies yet whenever any of my family have any sores, I can never recommend Cuticura sufficiently; it is indispensable in every home. I cannot find its equal. Mme. Napoleon Duceppe, 41 Duluth St., Montreal, Que., May 21, 1907."

"I had an ulcer on my foot for a year or more and it was very painful as it was a running sore. I had a doctor, but his treatment did not heal it. About eight months ago I commenced to use Cuticura Soap, Cuticura Ointment, and Cuticura Pills. I used two sets and it is now all healed up. Mrs. E. F. Ryder, West-Brewster, Mass., April 29, 1907."

PAINFUL ULCER

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (5c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.) to Purify the Blood. Coated Pills 25c. per box of 60 to Purify the Blood. Sold throughout the world. Foster Bros. & Chem. Corp., Sole Proprietors, Boston, Mass. *See Ad-Med. Free, Cuticura Book on Skin Diseases.*

The boy, who is only about seven years of age, left the yard of his parents at night and entered a marsh in the rear of the home. While playing in the stream of water a snake struck him near the ankle, breaking the skin and drawing the blood. The boy became frightened and returning home told his parents of what had occurred, and remedies were applied, but the swelling in the leg increased and finally a physician was summoned. By this time the blood had spread through the body and the boy is considered in a critical condition.

GEORGIA LEGISLATURE.

Money For Colleges Given by House—Other Matters.

Atlanta, Aug. 10.—Friday was a lucky day for a half dozen state institutions and a score of confederate veterans and their widows, for the house spent almost the entire day, from 10 a. m. to 6.10 p. m. considering appropriations.

Chairman Murphy Candler, of the house committee on appropriations, called up as the special orders for the day the appropriation measures.

The first of these measures was to appropriate \$7,000 for the State Normal school at Athens to make certain necessary repairs and improvements.

Mr. Candler explained the urgent necessity for this money in the cause of education, and the appropriation was granted by a large vote. Following this, the measure to appropriate \$7,671 to make up a deficiency due on an appropriation for the erection of Chapel hall at the Georgia Normal and Industrial college at Milledgeville was called up.

It was stated that this sum was owed the contractors for material, following the failure of those in charge of the work to meet the obligations, and this, too, was passed.

A bill was offered by Mr. Blackburn of Fulton providing an appropriation of \$5,000 for the Georgia Soldier's home, near Atlanta, \$2,000 to be available this year and \$3,000 next year. This is to make certain repairs and install a heating apparatus.

This made a total of \$24,671 appropriated by the house for the morning, and bringing the grand total of appropriations for the session up to \$232,996.

A bill by Senator Williford regulating the working hours of telegraph and telephone operators whose duties are to direct trains, to nine hours a day, was passed.

The house Friday went on record as being opposed to an extra session and adopted the Dunbar resolution putting the necessity of an extra session, first up to the senate, and next, up to the governor.

In the Senate.

By a vote of 25 to 12 the Senate Friday morning killed the bill of Senator Felder to stop the appropriation of money for the compiling of the colonial, revolutionary and confederate records. This would have abolished the position held by former Governor Candler.

This bill was the chief feature of the morning session. Debate was spirited and nearly every senator explained his vote before voting.

The bill by Senator Williford regulating the working hours of telegraph and telephone operators who direct the movements of trains and fixing the liability of violations by both the railroads and the employees, was passed.

The bill by Senator Henderson, of the thirty-ninth, to extend the present school-book contract until January 1, 1911, was the subject of a heated debate, but was eventually passed, and was immediately transmitted to the house.

A Weakling

Is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food, the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after-effects. Price 25 cents a bottle. Sold by W. M. Johnson.

Naphtha Bark Explodes.

Bangkok, Aug. 10.—While the British bark Lyndhurst, Captain Parnell, from New York, April 24th, for Siam ports and Hong Kong, was discharging naphtha into lighters in Koh Ste Chang harbor, one of the lighters, containing three thousand packages of naphtha blew up.

Creager Defeats Stanford.

Muscogee, Okla., Aug. 10.—Authentic returns received from every county give Charles Creager a majority of 559 votes over H. P. P. Stanford as republican nominee for congress in the third Oklahoma district. Mr. Creager was formerly a journalist in Henrietta, Ohio.

Three Laborers Killed.

New York, Aug. 10.—Crushed beneath a heavy cement drain, which had fallen in upon them while they were at work in the yard of the St. John Orphan asylum, in Brooklyn, T. Roche, C. Timothy and J. McLaughlin were instantly killed.

HARRIMAN GOES TO SISKIYOU MOUNTAINS

Worries of Present Day Prove Strenuous for Him.

FEELS FOR HIS FELLOW-MEN

But Acknowledges That Matters Are Such That He Does Not Know "Where He Is At"—The Political Situation.

(Special Correspondence.)

Washington, D. C., August 10.—People here who keep close watch of politics and business are asking what is going to happen in the near future? They well know that most of the talk of renewed prosperity is for the purpose of bolstering up the Republican party and the Wall Street stock market. Neither the G. O. P. or the Wall Street gamblers can exist without a bull market, therefore, Sunshine clubs and Prosperity conventions have been organized, press agents hired and wonderful tales told of the increased business being done. Still there is trouble in business and politics and no one can tell what will happen.

The financial managers, of course, are not deceived by the rosy reports their agents have set in motion. Far from it. They are still groping blindly trying to stay the flood of liquidation that has continued in greater or lesser force since last October, when the panic overtook them. That this is not an overdrawn picture of present conditions is shown by the declaration of that master of finance, Edward H. Harriman, that he is at his wits end.

"In fact," says Mr. Harriman, "things have become so complex that I scarcely know where I am. So I am going out to the Siskiyou mountains to think over the situation, and when I come back I may be able to talk intelligently concerning the future."

Whether Mr. Harriman will be able to gather his wits about him in the solitude of the Siskiyou mountains and be thus able to tell us about the future is very doubtful. There are some things that even Harriman cannot do, although we have been assured that he stands upon a higher plane than the best of us. History but repeats itself, and ages hence when the details of history become dim and translators have warped the facts to suit some ulterior object, the story of Harriman's visit to the mountains may show that he was really the unselfish man he says he is.

Still, it is strange that Harriman

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpelide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpelide." Besides, Herpelide is one of the most agreeable hair dressings there is. Herpelide kills the undruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpelide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelide Co., Detroit, Mich.

Two sizes—50 cents and \$1.00. J. S. Bodiford & Co., Special Agents.

WOMAN'S POWER

The healthy woman; strong mentally and physically, whose ambition and magnetic influence urge men to deeds of grandeur and heroism; such women are all-powerful.

Weak, sick and ailing women have little ambition; their own troubles occupy all their thoughts. They dwell upon their pains, suffer from nervousness and headaches; often are extremely melancholy, and avoid society. For thirty years

LYDIA E. PINKHAM'S VEGETABLE COMPOUND has been saving women from this awful condition.

Mrs. Louise Jung, of 332 Chestnut St., Detroit, Mich., writes:

"I suffered from a very severe female weakness for a long time. Lydia E. Pinkham's Vegetable Compound, restored my health. I hope it will do other women as much good as it has me."

Mrs. Emma Wheaton, of Vienna, W. Va., writes to Mrs. Pinkham:

"I was a walking shadow. My husband insisted upon my writing to you and trying Lydia E. Pinkham's Vegetable Compound, which I did. It relieved all my pains and misery, and made of me a very different woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache, that bearing-down feeling, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice.

should take a journey of 3,000 miles, or more, to a mountain to silently commune with himself when other mountains are much nearer and easier to be reached. Is he, like Saul of old, seeking someone to divine what will happen, for there is no doubt he is in a dire strait, and, as he says: "I scarcely know where I am." As in Elijah's time, when he went to the mountain, a great wind may rend an earthquake, or a fire, but the still small voice, the voice of conscience, always comes after nature has spent her forces and commands most attention.

Will Harriman heed it? Will he revise his past and reform his future? His spirit is evidently striving for a chance for the better, for he says:

"What I have done has not been to make money, but simply because matters were becoming tangled, and it had become necessary for some one to try to make a bad situation better."

"As I grow older I am beginning to think more of my fellow-man. I want to see this country the greatest on earth. I intend to help make it such."

Will the power of good prevail over the powers of evil, and is Harriman

the human instrument for the bettering of conditions? It may be so. When he returns from the mountains of Siskiyou we may know.

It is evident that there must be great business or political perils imminent when the dominating spirit of Harriman has been humbled and he seeks light on his perplexities and has decided to help his fellow-men and his country. He plainly tells us that matters have become tangled and it has become necessary for some one to try to make a bad situation better.

Somehow I can hardly picture in my mind's eye the insatiable Harriman as a reformer. He is a master of Wall Street finance; he is a Republican politician; in 1904 he was a delegate to the convention that nominated President Roosevelt; his advice was sought by Mr. Roosevelt at a crisis of that campaign, and he raised the money, which he assured us turned the scale in favor of the Republicans in the pivotal State of New York. Since that embarrassing episode for President Roosevelt, that erratic gentleman has relegated Harriman to membership in the Ananias Club, where many other men of note have also become charter members. He now detests Roosevelt, and does not hanker after Taft and "my policies."

It may be concluded that the political situation is the tangled skein that Harriman is seeking to unravel. He evidently thinks more highly of Mr. Bryan than he once did, for he says, "I am beginning to think more of my fellow-man." He will undoubtedly ponder in the vast solitude of the mountain whether the success of the Democratic ticket is not more to the advantage of the country and of Mr. Harriman than the success of the corrupt and extravagant party he has hitherto adhered to.

Thus good may come out of evil and Harriman may be the chosen instrument to thwart the powers of evil that for twelve long years have oppressed the American people. The pilgrimage of Harriman to the mountain may result in a change of policies for the nation. A word from him would pull half the purse strings of Wall Street so tight that the demands of Treasurer Sheldon would be unheeded and the balance of Wall Street would not risk their cash to save the sinking Republican ship.

We are doubtless on the eve of great events the world over. There is a demand for more freedom in many quarters of the earth, and everywhere is unrest in men's minds. The old order of things is passing away, and a new era is dawning that will, through the growth of Democracy, dispossess autocracy and bend the wills of emperors, kings and potentates for the benefit of those who toil and spin and pay taxes. Even the Republican politicians here have felt the whip and spur of the ever-living Democracy and the good old doctrine of equal rights to all and special privileges to none, is becoming a world-wide shibboleth that is ever growing stronger and louder. No wonder the world-wise Harriman is seeking counsel, that men cannot give him, in the solitude of the mountain.

OFFICERS WERE SURPRISED.

Rockefeller Gift to Uncle Remus Memorial Fund Tied by String. Chicago, Aug. 10.—A dispatch to the Tribune from Atlanta, Ga., says: The \$1,000 subscription of John D. Rockefeller to a fund to establish a memorial for "Uncle Remus" (Joel Chandler Harris), has a condition attached to it.

President Joyner, of the "Uncle Remus" memorial association, received a letter from Mr. Rockefeller on Friday stating that he would give one thousand dollars, provided the association raises \$49,000 in one year. The letter surprised the officers of the association and they will inform the oil magnate that his gift will not be accepted with the conditions attached. The association has fixed no limit to the memorial fund and does not intend to.

Fresh Confirmation.

Tokio, Aug. 10.—There is a fresh confirmation of a movement which appears to have for its object the re-transfer of the rationalized railways to private hands. The leaders of the movement are two men of much prominence, namely Messrs. Sengoku and Yamaji, who are bringing pressure to bear on the government with regard to hastening the time for handing over the bonds which represent the purchase price, and with regard to the adoption of some measure to maintain the price of these securities at a reasonable point.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies (under seal) This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

SYMPTOMS OF RABIES.

By Which You May Know When a Dog Is Really Mad.

Rabies is so rare and terrifying a symptom and treatment are understood. As a matter of fact, the commonly accepted expression of rabies in a dog is often misleading. It is said. On the contrary, dogs often rush to the water and eagerly, if they are able to do so. The mad dog does not froth at the mouth. It does not run amuck, but at everything in its path. Then, are the indications of the rabies? To those familiar with a dog the surest symptom and the one which should excite closest attention is a distinct and unaccountable change in the dog's disposition, a staid becoming excitable and a frisky becoming mean rabies, but it is suspicious and if in addition the dog has a swelling, as though it were swallowing, as though it were to have a bone in its throat, that dog should be instantly destroyed, because if it be rabies it takes a day or two for ferocious insanity to develop. The unmistakable sign, however, of a dog with rabies is the sticky, whitish saliva which covers the teeth and shows on the lips. The eyes glare and the dog has paroxysms of running, during which it barks furiously, which alternate with periods of temporary exhaustion. — Caspar in Outing.

DROWNED AND PLUGGED.

Truthful Story of a Ship Struck by Lightning.

Down on the docks some days ago some fresh water Ancient Mariner was talking of adventures in the "raging main," began an old ship man. "Captain H." said "it seems to me I've heard somewhere that your vessel was once struck lightning while sailing, sailing over bounding main?"

"Twice," said Captain H. "Happened off Point Aux Barques 'bout fifteen years ago. We were joggin' 'long a thunderstorm overtook us, and very first flash of lightning struck the mainmast and bored a hole as my right leg right down through the bottom of the vessel." "And she foundered, of course?" "No, sir. The water began rushin' and she would have foundered, but came a second flash, and a bolt at my foretop's gallant mast. It went off near the top, turned boat up, and as it came down it struck the hole and plugged it up as snug as a drum. When we got down the plug we simply sawed off either end and left the plug in the planks." — Washington Herald.

Fatalities.

"I said the beautiful young man when I asked papa if I might climb he took my head. But I had my own way, of course, and finally the crowd got started and you know they made me put a lot of wraps and things that suffocated me. And about half-past six I slipped and fell over a cliff broke my neck! Indeed, yes, when they had lifted and pulled me back on the trail I absolutely died. But before long I was taken to the top, but by the time we were almost there I collapsed and sat down, for I could never get up again. But they made me pull myself together and in time we got to the summit, and there it was so close to death! O-o-o-h! And I glad, I can tell you, when we were down at last, and as soon as I got home I went to bed, dead of exhaustion." — Independent.

Will Remember His Friends.

Patrick McGinnagan became a member of the Chicago police force and one of his friends burst in on him while he was at dinner and asked him with a handsome night in honor of his popularity and esteem. Completely bewildered by this unexpected token, the new policeman nevertheless struggled to his feet and stammered his appreciation. "Heads, ye have upset me wid y'r glass," he said, flourishing the stick. "Och! try an' do me duty this little shillalah, and I hope an' that irish man he'll live t' feel his blood." — New York American.

The Alphabet.

A great Phoenician alphabet, the alphabet of every form of European and of the scripts of Persia, India and as well, owes but to Egypt. It is true that in the construction of their alphabet the Phoenicians made use of certain hieroglyphs found in their trade dealings with Egypt, but this fact in no detracts from the glory of the invention which belongs to the "Yankees of olden time." — New York American.

An Exception.

"A kind friend," said the minister, "I don't know," replied the woman, "Did you ever send a telegram?" — New York American.

DO YOU WANT TO

MAKE OR LOSE MONEY

THIS SUMMER?

THERE is no good reason for any "summer dullness" in the stores of this city. That's a strong statement—but its not nearly so strong as the one to follow.

No store in this city ever suffered from summer dullness that was not directly traceable to its advertising policy—that was not INEVITABLE on account of its advertising policy. This is a strong statement—but not so strong as the one to follow.

You—if you who read this are a merchant in this city—HAVE THE ABSOLUTE POWER TO DECIDE WHETHER, during THIS summer, YOUR STORE SHALL LAG AND LOSE GROUND, through ENCOURAGING THE NON-BUYING HABIT IN THE PEOPLE—or shall keep as busy as in the so-called "busy seasons." You decide the matter one way or the other when you decide on how much or how little you will advertise during these summer months.

To really "gain ground" at a time when some stores are lagging and falling back is not only possible—it is an aspiration—worthy of a man who has the habit of accomplishing his purpose.

It is important that every patron of Keystone Bakery should read their ad. in today's paper.

N. Eisenberg, a popular traveling man of Savannah, is in the city in the interest of his house.

The Woman's Foreign Missionary Society of the Methodist church will meet in the lecture-room of the church this afternoon at 4 o'clock.

William Tison, formerly of this city but now making his home in Ocala, is spending a few days with his parents, Mr. and Mrs. W. O. Tison.

Friends of State Attorney J. M. Rivera are glad to see him out again, after having been confined to his bed with fever for the past few days.

Dr. E. H. Armstrong, the eye specialist of Jacksonville, is in the city on professional business, and will spend the day at the Brown House.

Matser Murray Goodman of Massce, Ga., has arrived in the city, and will remain here for the next few days as a guest of the family of his brother, C. F. Goodman.

J. M. Brown and daughter, Miss Minnie, are in the city from Trenton. The latter has been suffering from her eyes, and came to consult a physician in regard to them.

Are you employed? If you desire a position that will give you a good compensation it would be to your interest to communicate with "J." Box 177, Gainesville, Fla.

Chas. S. Hill, civil engineer for the Cummer Lumber Company, has returned from St. Johns county, where he has been on official business for the past few weeks.

Mrs. Nanette Shutt and daughter, Miss Maude, and Mrs. Elizabeth Smith, have returned from a pleasant and beneficial outing at Daytona Beach. Friends are glad to welcome them home again.

L. C. Ellis has returned from a visit of three weeks to points in the West End and Lafayette and Levy counties. He reports conditions good wherever he has been, the farmers and merchants all prospering.

Mr. and Mrs. E. J. Thomas and son, S. J., Jr., have returned from an extended visit to points in Colorado. Friends of Mr. Thomas will be glad to learn that the trip proved very beneficial to his health.

Mrs. A. W. Taylor will leave today or tomorrow for her old home in Staunton, Va., where she will spend the remainder of the summer with relatives. Friends wish her a pleasant and profitable sojourn.

Douglas Perry, formerly of this city but who for the past few weeks has been manager of the Ybor City office of the Western Union Telegraph Company, is here on a visit to his mother, Mrs. M. Perry. His friends are glad to welcome him.

What Shall We Have for Dessert?

Try JELL-O, the dainty appetizing, economical dessert. Can be prepared instantly and boiling water and served when cool. Flavors just right; sweetened just right; perfect in every way. A 10c package makes enough dessert for a large family. All grocers sell it. Don't accept substitutes. JELL-O comes with all Pure Food Laws. Flavors: Lemon, Orange, Raspberry, Strawberry, Chocolate, Cherry, Peach.

Half-barrel No. 1 mackerel, very fine, just opened. Saunders & Earle.

Col. E. C. F. Sanchez has returned from a business trip to St. Augustine.

W. B. Phifer has returned from Grove Park, where he has been looking after his naval stores interests.

Alex Taylor, who has charge of the East Florida Telephone exchange at Dunnellon, is at home for a few days on a visit to his parents.

Cures baby's croup, Willie's daily cuts and bruises, mama's sore throat, grandma's lameness—Dr. Thomas' Electric Oil—the great household remedy.

Mr. and Mrs. W. C. Brown and children of Augusta, Ga., are in the city, guests of Mrs. Brown's sister, Mrs. J. B. Brooks. They were here two years ago, and made many friends who are glad to see them again.

Dempsey & Richardson have opened up a first-class restaurant in the Pound building which will hereafter be known as the "City Cafe." They will make a specialty of short orders and will serve regular meals. Give them a call.

Attention is directed to the change of advertisements of The Dutton Bank, A. M. Cushman, Insurance, and W. S. Dorsey & Co., the Pure Food Grocers, which appear in this issue. All are reliable firms in their respective lines, and are enjoying fine success through the source of advertising.

Mrs. Chas. Leyvrez left yesterday for her home in St. Augustine, after a visit to her parents, Mr. and Mrs. J. T. Woods, East Gainesville. Her mother has been quite ill with paralysis for the past few weeks, and friends will regret to learn that her condition does not seem to improve.

Miss Laura Brownfield of Fernandina has arrived in the city, and will spend the next few days as a guest of her aunt, Mrs. T. S. Dorsey. Miss Brownfield formerly resided here with her parents, Mr. and Mrs. J. W. Brownfield, and her numerous young friends are delighted to have her with them again.

After a pleasant visit to his old friend, Chas. A. Faircloth, in this city, Col. Warren C. Henderson, the clever traveling representative of the Chattanooga Wagon Company, Chattanooga, Tenn., left yesterday for Trenton and other points in the interest of his firm. Col. Henderson enjoys a fine trade throughout this section.

Among the prominent traveling men in the city is W. W. Pemble of New York, representing the famous Devco paints, with which he has been very successful as a salesman. Mr. Pemble speaks very highly of Gainesville, which he declares is one of the most modern cities in the South, and he never hesitates to say a good word for the city on his rounds.

Mrs. O. B. Thomas and Major W. R. Thomas and son, Master Clarence, have returned from a delightful visit of several weeks to Denver, Colorado. Major Thomas was in Denver at the time of holding the National Democratic Convention, and enjoyed the courtesy of a seat in the great hall. He declares that to be one of the most impressive and finest gatherings he has ever witnessed.

C. C. Cagle, the efficient and popular manager of the Gainesville Furniture Company, will leave today for New York and other Eastern points, from whence he will proceed to Grand Rapids, Mich. Mr. Cagle goes for the purpose of purchasing the fall and winter line in furniture and house furnishings, which he promises will eclipse anything of the kind ever seen in this section of the State. He will be absent two or three weeks.

Mr. Will Dale, formerly of this city but who now holds a responsible position with the Dutton Phosphate Company, Gainesville, was here yesterday, and remained over until the late morning train for the purpose of hearing the delightful music dispensed by the Metropolitan Cornet Band last night. Mr. Dale has scores of Ocala friends who always welcome him back to the Brick City, and he says his many years of pleasant residence in our little city will always remain among the happiest of his life's memories.—Ocala Banner, August 8th.

Fall Weather Indications.

The condition of the weather Sunday night and Monday was delightful, resembling to a great measure a fall season. The temperature was delightful, and the people of Gainesville and vicinity enjoyed their nocturnal slumbers to the fullest extent.

There is really no necessity for Florida folks to go North for comfort in the summer, when such invigorating conditions prevail. The weather here has been so delightfully pleasant that those recently returning from the North felt glad they were home.

If you have found anything see if it is advertised in the Want column.

A WARNING

I have learned that certain persons are representing themselves as my agents, and taking orders for large pictures, claiming I will finish them. In some cases the pictures given them have been lost—pictures of dear ones which cannot be replaced. I have no agents, never did, and never will. I deal directly with my patrons for all work. I cannot afford to pay an agent out of the prices I charge for the high-grade work I do. Bring your enlarging to me and you are not only insured against loss of the original, but will have a guarantee of a faithful likeness and an artistic finish.
